

NATIONAL REPAIR WEEK—FEB. 28 TO MAR. 5

Prepare now for the busy season. See that your farm-operating equipment is in good running order. Overhaul it now, when you have time. Make a list of all repairs needed, and order them at once. You can make money by placing one order now for all the repair parts you need. This will save you the expense later on of telephone or telegraph tolls; and of freight, express or parcel post charges on numerous shipments of repairs which you may be obliged to order.

MAKE NATIONAL REPAIR WEEK MEAN SOMETHING

Its object is to assist you in getting your farm machinery in working order before you need it. There is no better time than right now—just before the busy season opens—to get this machinery in order. Be prepared. On the last day of Repair Week have the satisfaction of knowing to a certainty that every implement and machine on your farm is ready for use the moment you need it.

BUY GENUINE I. H. C. REPAIRS FOR ALL INTERNATIONAL FARM-OPERATING EQUIPMENT

We are especially prepared to take care of your repair orders for all farm machinery. Also we have anything in way of new equipment in the Standard Lines.

AN EXPLANATION

In the article in the Daily Times of Tuesday concerning the return of Louis Balden, former proprietor of the Commercial Cafe, it was mentioned that Mr. Balden had borrowed a large sum of money from the Central State Bank and that the bank had sold the business under chattel mortgage.

Readers might get the impression from the article that the bank had been unfortunate in the loan, but the opposite is the fact. The bank loaned only a nominal sum on the property and more than realized on the loan.

NO REASON FOR IT

When Monett Citizen Show a Wey.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Monett citizen says:

W. H. Cooper, retired, 1110 Bond St., says: "I used to be troubled with disordered kidneys I would have severe backaches and my kidneys would act irregularly. At these times I was also troubled with rheumatic pains, too. I used Doan's Kidney Pills for these troubles and they gave me fine relief. An occasional use of them keeps my kidneys in a good healthy condition and I had no serious return of the attack."

The above statement was given April 6, 1916 and on January 23, 1920, Mr. Cooper said: "It is very seldom that I have need of kidney remedy now but when I do I always use Doan's Kidney Pills for I know I can get the same good results from them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Cooper had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

O. W. Weaver, editor of the Journal is moving to the property at 409 Frisco avenue.

Miss Martha Moore, of Sarcoxie, enroute to Springfield, Wednesday morning visited between trains with Mrs. Lulu Tutt.

STRIKE BREAKERS ON HARRISON JOBS

Men From Other Cities Take Over Work Abandoned by Employees Of M. & N. A. Railroad.

Harrison, Ark., Feb. 8.—With the arrival here of between sixty and seventy strike breakers, who now are working in the shops of the Missouri & North Arkansas Railroad Company to replace workmen out because of a cut in wages, warnings have been posted that persons who interfere or attempt to interfere with operations of the railroad will be prosecuted for contempt of court.

The railroad, under receivership of the United States court, makes it possible for the court to protect its operations from interference by strikers. A United States marshal has been sent here to assist in maintaining law and order and is helping to supervise the work of obtaining a new force of workmen, it was announced yesterday.

Approximately 100 shop men, car men and mechanics in the round house here refused to work early last week following a cut in wages. According to reports, they maintain that the railroad company is going beyond its rights in cutting a wage scale that was set by the government.

All shops were down several days and the entire system suffered. However, passenger service was not crippled and only a few freight trains were taken off.

Forty men arrived here Saturday to work in the shops, it was announced, and yesterday twenty more arrived. Some of them came from Kansas City and others came from southern points.

Although there have been rumors that the union men here plan to interfere with operations, it was said yesterday that neither railroad officials are anticipating serious trouble.
